

Interior Finishouts | 100,000 sf +

Purdy-McGuire
MEP Engineers

When firms relocate their headquarters, stakeholder concerns include not just the structure of the space; they are also concerned about the functionality of the space and the comfort of the people who will work there. With this in mind, our Associate Principal in charge of Interior Finishouts uses his teams' decades of experience to ensure Clients of tenant finishouts large and small can see their vision come to life. Below is a select list of projects > 100,000 sf.
